REVISION TO NOTICE TO NAVIGATION INTERESTS 04-09

CONSTRUCTION OF A FENDER SYSTEM ALONG SHEET PILE CELLS

MARMET LOCKS AND DAM

KANAWHA RIVER, MILE 67.7

Reference to Notice to Navigation Interests 04-09, dated 27 February 2004.

During work hours the land chamber will be closed. The work will be performed between the hours of 7:00 a.m. and 5:30 p.m., Monday through Thursday and sometimes on Friday depending on weather. Mariners are urged to contact the lock personnel to inquire about weather delays.

The M/V STANLEY JAMES will be the helper boat onsite and will be monitoring marine channel 13.

All other information remains the same.

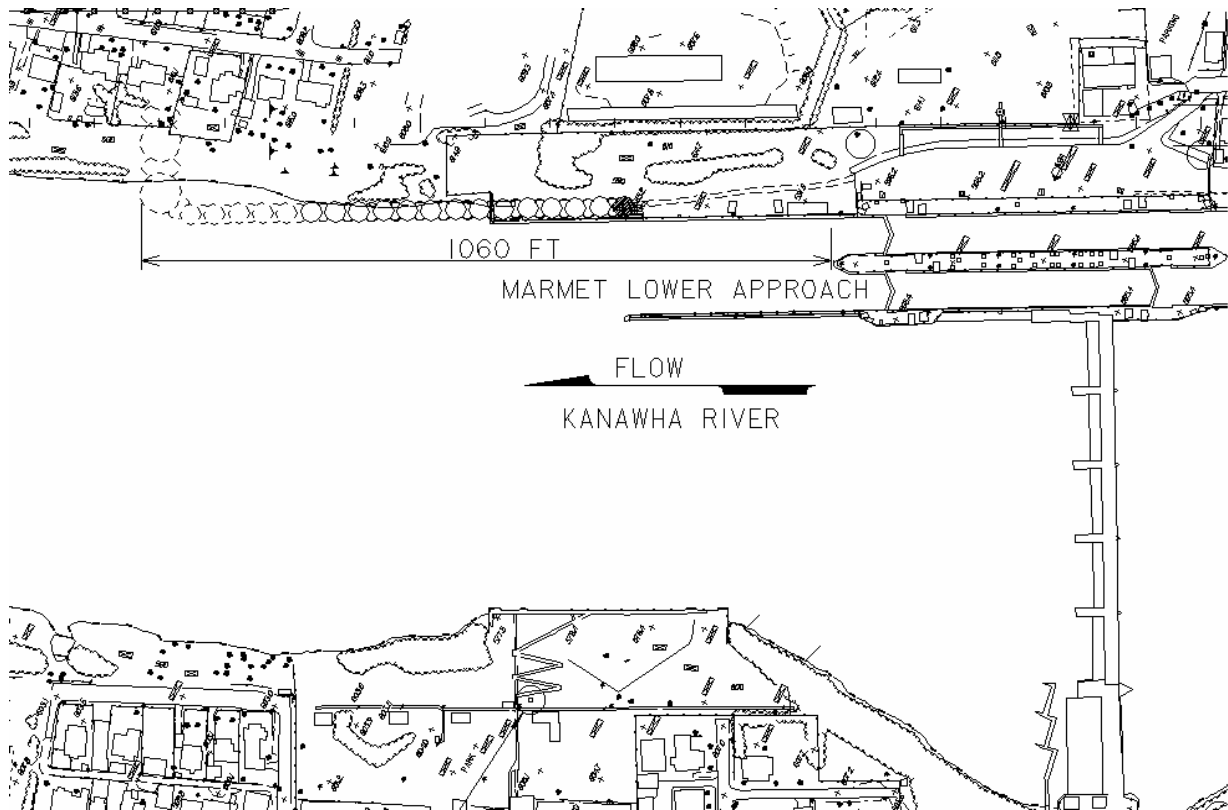

For your convenience, the following is from Notice to Navigation Interests 04-09:

Notice is given that on or about 15 March 2004, Kokosing / Fru-Con, Belle, West Virginia, contractors for the U.S. Army Corps of Engineers, Huntington District, will begin construction of a fender system along the sheet pile cells at Marmet Locks, Kanawha River, mile 67.7.

The work will be performed with land – based equipment, between the hours of 7:00 a.m. and 5:00 p.m. Monday through Friday. There will not be a motor vessel on site, however, the contractor will be monitoring marine channel 13. It is anticipated the work will be complete on or about 3 July 2004.

The construction will be commencing on the upstream end of the sheet pile cells, progressing downstream (see attached drawing).

Mariners are urged to proceed with caution after passing arrangements have been made with lock personnel.
